## "Citizen Of The Year" Will Be Named Here Evening Of April 9th

A Fulton citizen, whose devoted work has contributed much to the life and progress of this community, will be honored when The Fulton County News and Radio Station WFUL present their "Citizen of the Year" Award on Wednesday, April 9, at Smith's Rose Room. Time of the dinner is 7 p. m.

The name of the award was changed last year from "Man of the Year" to "Citizen of the Year," since the person to be honored may be either a man or woman. Considerable enthusiasm has been manifested again this year and several persons have been nominated for the annual award.

For the past seven years, The News, joined last year by Radio Station WFUL, has chosen to review and commend the activities of some Fultonian and his, or her, worthy contributions to the community. Previous citizens chosen for the award are: Laurence W. Holland, superintendent of public

schools; Gene Williamson, general manager of Browder Milling Company; Sebra Evans, trainmaster of the Illinois Central Railroad; Mrs. Ward Bushart, civic leader; Dr. D. L. Jones, local physician of over 50 years; and Smith Atkins, president of the Fulton Bank and at present a member of the Fulton City Council.

The program will be dramatized along the line of the television show, "This Is Your Life" when many local citizens will take part in the program.

The identity of the person selected is kept secret until the night of the award. The selection is made by a secret committee of Fultonians, who determine the selection.

Reservations for the dinner may be made either at the News office or at the Radio Station. Since the Rose Room can accommodate 125 persons comfortably, it is urged that tickets be secured at once.

## Twin-Cities Committees Have Meeting To Decide On Firm To Make Survey For New Sewage System

Tuesday afternoon a committee from the City of Fulton and a committee from the City of South Fulton met in the Rose Room of Smith's Cafe with representatives of different engineering firms.

The meeting was for the purpose of selecting an engineer or engineering firm to make the preliminary survey for a new sewage system for the Twin-Cities.

The Fulton committee is composed of Councilmen Ward Johnson, chairman, John Earle, and J. O. Lewis, and the South Fulton committee is composed of Bobby Matthews, Gene Copeland and Edd Neeley.

No decision was made Tuesday afternoon concerning the matter, but another meeting of the two committees will be held soon to make a decision on the firm to do the work.

## McCarthy Heads Police At Viola

Police Sgt. Ray McCarthy, formerly of Fulton County and member of the state police force since August, 1950, has been appointed commander of the First District post at West Viola, Ky.

A native of Fulton County, Sgt. McCarthy worked six years as patrolman in McCracken County, before he was promoted to corporal in September, 1956, and became assistant to the West Viola post commander.

He was promoted to sergeant in July, 1947, after the rank of corporal was abolished for assistant post commanders.

## Former Fulton I. C. Employee Gets Promotion

Three appointments in the Operating Department of the Illinois Central Railroad, becoming effective March 16, are announced by Otto H. Zimmerman, vice-president in charge of operations. Norvin L. Patterson is the new general superintendent of dining service. Harry R. Koonce, superintendent of the East St. Louis Terminal, is superintendent of the St. Louis Division at Carbondale, Ill., succeeding John F. Sharkey, who has been named executive general agent at Chicago. Mr. Koonce is succeeded by James P. Moran, formerly assistant superintendent of the Kentucky Division at Paducah.

Mr. Moran joined the Illinois Central as a brakeman at Dubuque, Ia., in 1941. Following interruption in service account military duty, he served successively as assistant trainmaster at Dubuque, Effingham and Gilman, Ill. He was named trainmaster at Fulton, in 1953, and later held similar positions at Bluford, Ill., and Waterloo, Ia. In 1957 he was promoted to assistant superintendent of the Kentucky Division at Paducah.

### CASE DELAYED

The briefs by the attorneys of Forrest McAlister of Fulton and Missouri State Trooper Vernon Hopkins will not be submitted Thursday, due to the illness of Judge Roy Stewart.

## Local Jaycees Will Be Hosts To District Meet

Ernie Thompson Is Speaker At Wednesday Evening Meeting Here

The Fulton Jaycees have been selected to be hosts at the district meeting to be held Saturday night, March 22, at the Rose Room, according to an announcement made today by Ray Williams, president of the local group.

This will be a dinner-meeting and will begin at 7:30 p. m.

The regular weekly meeting of the Fulton Jaycees was held this week on Wednesday evening instead of Thursday evening, at 7:30, at the regular meeting place, the Y. M. B. C. rooms on Lake Street.

The principal speaker Wednesday evening was Ernie Thompson of Murray, a representative of the Salvation Army.

## Revival To Be Held At Walnut Grove

A revival meeting will begin Sunday evening, April 6, at the Walnut Grove Methodist Church, with a candlelight service at 7:30 p. m., according to an announcement made today by the Rev. Keith Smith, pastor.

There will be a different preacher each evening, beginning Monday evening with the Rev. William Bowden of Wingo. Tuesday evening the Rev. H. E. Russell of the Fulton First Methodist Church will speak. The other speakers will be: the Rev. Larry Breedlove, Wednesday evening; the Rev. Lowell Council of the Martin First Methodist Church, Thursday evening; and the Rev. M. B. Procter of Water Valley on Friday evening.

The public is cordially invited to attend all services.

### RONNIE'S TEAM WINS

Ronnie McAlister of Fulton and his basketball team from North Greenville Junior College, Greenville, S. C. won their game 86 to 75 over Frank Phillips of Borger, Texas, Tuesday afternoon in their first game in the National Junior College Tournament at Hutchinson, Kansas.

## New "Contract Farming" Is Gaining Momentum In Nation

Contract farming, or "vertical integration," or the "package deal" is terms that will soon become common to many people in Kcn-Tenn agriculture. The trend is gaining momentum over the nation.

"These terms refer to where one management controls or exerts direct influence on more than one stage of production, processing or marketing of a farm product," explains A. W. Woodard, Extension marketing specialist at the University of Tennessee. "Contract farming—unlike vertical integration—usually refers to contractual arrangements that deal only with farming."

To explain further, when a farmer grows feed and feeds out livestock, he has "integrated" feed production with livestock production. But contract farming generally involves agreements between one producer and some processor or marketing agency about the production, selling,

# Survey Shows That Highlands Residents Will Save By Annexation

by Paul Westpheling

Two weeks ago the News voiced the editorial opinion that Highlands should seek annexation to the corporation of Fulton in order to obtain much-needed sewer service when Fulton's sewer modernization program, now under study, becomes a reality.

Now without gas or sewers, paying a high water rate and an insurance rate nearly triple that of residents within the corporation, Highlands residents have also paid a dear price in other respects for whatever freedom they think they might enjoy as non-residents of the corporation.

A business-like evaluation study of the Highlands annexation idea was made by the Fulton Planning Commission in early 1956 and as

for as we know, was never completely published. As a matter of interest at this time, we herewith provide excerpts of this study which are worthy of review.

In November 1955 there were 87 family dwelling units in the Highlands area containing a total of approximately 260 persons. If present growth trends continue, the area should be almost built up within the next ten to fifteen years; that would mean an additional 330 persons living in the area would expect city services.

EFFECT ON REAL AND PERSONAL PROPERTY TAXES. County real property taxes, at the rate of \$7.00 per \$100, are paid by both its residents and residents of the Highlands area. The school dis-

trict tax applies to both those people who live in the Highlands and in the city. County and school taxes on individual properties, therefore, would not change in the event of annexation. Also there would be no change in the personal property tax rate.

If the Highlands area was annexed, individual property owners would, of course, have to pay the tax on real property at the rate of \$7.50 per \$100. The average assessed value of real and personal properties in the Highlands is approximately \$2,600. Thus, the average Highlands property owner's tax bill on real and personal property would be \$19.50 more if he became a resident of the city.

EFFECT ON FIRE INSURANCE RATES. The present city fire in-

surance rates cost Fulton's citizens \$24 per \$100 per year of real and personal property insured. Highlands residents pay \$62 per \$100 per year on real and personal property with an additional flat rate of \$2.13 per property owner to cover the insurance charge by the city fire department outside the city limits.

Local insurance men estimate that \$6,000 is the average value covered by fire insurance on property in the Highlands. This is based on approximately 75% of the replacement value of real and personal property. Therefore, home owners in the Highlands would save \$38 per \$100, or nearly \$24.93 per year (based on \$6,000), if annexed to Fulton.

It should be pointed out, how-

ever, that these savings to Highlands residents would accrue only if the water pressure in the Highlands system is sufficient to meet the standards of the Kentucky Inspection Bureau. The city may be forced to construct additional water mains and hydrants before fire insurance rates in the Highlands area are equal to those now enjoyed by city residents.

EFFECT ON WATER RATES. Public water supply in the Highlands area is furnished by a special water district which buys its water from the City of Fulton. The city sells its water to the district at the rate of \$15 per one thousand gallons. According to the records of the city water department, the average monthly

## Chamber Of Commerce Conducting Intensive Membership Drive

An intensive membership drive by the Fulton-South Fulton Chamber of Commerce is underway here this week. Chairman of the drive is C. H. McDaniel.

Eleven members of the board of directors are to get one member of the Chamber of Commerce and they will work in twos on the drive for new members and additional funds.

A feature of this year's drive is that the membership fee may be paid in monthly payments.

The Chamber, which is headed by Dr. Eddie Crocker, has adopted a higher budget this year. While the total expenditures of

last year were \$3,708.46, the total expenditures of this year are expected to reach \$7,384.60, which the Chamber hopes to raise in its fund drive.

Included in the additional expenditures are an additional Industrial Committee Promotion allotment of \$1,700.00; Agricultural Committee allotment of \$500.00; and the Civic Clean-up Committee allotment of \$500.00.

The Chamber of Commerce has moved into a new office located in the old Carr law office on Lake Street, and from all appearances this year will be one of the most active years of the organization.

## Jerry Coates Enrolls At UTMB

Jerry Coates, son of Mr. and Mrs. Thomas Coates of South Fulton, has enrolled as a student at the University of Tennessee, Martin Branch. He began his studies Monday.

Young Coates previously studied at UTMB for a year and prior to that studied music and dramatics in Milwaukee, Wisc. He is a graduate of South Fulton High School.

## More Funds To Come In On Drive

At present \$910.00 in Red Cross funds have been turned in to the Fulton chapter chairman, Harold Wiley.

Most of the workers of the business area have reported in, but hardly any of the workers in the residential areas have turned in their collections. These workers are urged to complete their canvass as soon as possible.

This year's goal for the city of Fulton is \$1,800.00. If you have not given your contribution to the Red Cross do so today.

## Cayce P-TA To Have Meeting

The Cayce P-TA will meet Thursday night (tonight) at 7:30 at the Cayce School. The subject of the lesson will be "Sharing Responsibility for Mental and Physical Health."

Dr. Charles Alexander will make a talk on "Vision." Mrs. Gertrude Veatch's room will present a short skit on "Health."

## Nancy Adams To Play In Symphonic Concert Band

Murray State College's colorful symphonic concert band will present its annual spring concert on the stage of the college auditorium Thursday at 8:15 p. m.

The band is composed of selected students in the music department.

Miss Nancy Adams of Fulton, a freshman at Murray State, has been honored by being selected to play in the band.

## Recordings By Local Boys Prove Popular

Three recordings made by Jerry Coates and the Toppers have aroused considerable interest among the WFUL listeners.

The group of boys making the recordings are: Coates, vocalist, Kelly Lowe, Jr., at the organ, Bobby Newton, at the piano, and Louis Robey, playing the drums.

One of the songs "Slow Train Out of Memphis" a peppy novelty tune, was written by Fulton's Jack Foy.

## School Probe Ends; Results Unknown

Fulton County school board members have had no word of the results of an investigation into charges which they submitted in written form at a March 5 hearing, according to the Hickman Courier. Supt. Beal Darnell said that N. T. Hook from the State Department of Education received written charges at the hearing in Hickman and conducted an all-day investigation.

Supt. Darnell said that a report would be made to Frankfort and that the state office would in turn notify the local board of the results of the investigation.

Board member R. C. Ross said that he had had no information of the results of the investigation. He said that each of the five members of the school board were contacted personally by Supt. Darnell and given a letter asking them to make whatever charges they wished to prefer against any other school board member or employee of the system in writing.

### CLEAN-UP CAMPAIGN

A clean-up paint-up fix-up campaign will be conducted in Fulton during the last of April and the first of May, it was announced this week by the Chamber of Commerce. Paul Boyd will be chairman in charge of the campaign.

# WFUL's CCA Program Off To A Flying Start As Thousands Of Women Seek To Win \$3,000 In Prizes For Their Clubs

## Miss Jewell Joins WFUL And News As Local News Editor

The management of Radio Station WFUL and the Fulton County News is pleased to announce this week that Miss Ouida Jewell, long-time Fulton newspaperwoman is now associated with both firms as news editor.

In her capacity as local news editor at WFUL, Miss Jewell will provide local and area news for three major newscasts daily over WFUL at 8:00 a. m.; 1:00 p. m. and late in the afternoon, with spot coverage of emergency nature anytime, as events happen. This added local news coverage comes as an additional general news feature to the popular "live-wire" programs of the early morning.

Miss Jewell, is no newcomer to the News office, having been associated with the present publishers as News editor in 1951, and as a contributor on various other occasions. She is extremely well acquainted with all organizations and residents throughout the Ken-Tenn area, and her abilities will be reflected in considerably more news coverage than we have afforded in the past.

## Peppermint Park Opens Saturday

Peppermint Park, located on the Martin Highway near the South Fulton School, will be open Saturday, March 22, at 10 a. m. The park will be open Sunday afternoon at 1 o'clock.

Peppermint Park is sponsored by the South Fulton Booster Club and is operated by Charles and Eldred Dixon. There are rides for everyone.

## Several Fulton Piano Students Win Superior Ratings Saturday

Several Fulton piano students won superior and excellent ratings at the annual Music Festival of the Junior Division of the National Federation of Music Clubs Saturday in Paducah. The event, sponsored by the Matinee Music Club, was held at the Unity Evangelical Church on Fifth Street.

Pieces played were chosen from a national list of required pieces and festivals are held in districts all over the United States. Each entrant must give two numbers, one a required number and one an American number.

Students entering the festival Saturday were students of Mrs. C. L. Maddox, Mrs. Steve Wiley and Mrs. Arthur Roman.

Mrs. Maddox's students came home with 10 superior ratings. Those receiving this rating were: Judy Moore and Martha DeMyer, on their piano solos and hymn playing; Nancy Bushart, Bob Anderson; Judy Binkley, Nancy

Its off . . . and to a flying start, too. That's WFUL's Community Club Awards program that went on the air Monday of this week and will continue through June 14. During that time a total of \$3,000 in awards will be given weekly with the first \$150 in prizes to be given next Tuesday.

Women, thousands of them, all over the Ken-Tenn area are working furiously collecting sales slips, cartons, labels, etc. to win valuable prizes for their club treasuries from the merchants listed in a full page ad appearing in this issue of the News.

Next Tuesday at the radio station offices on the Middle Road will be "tally day" for the ladies when all purchases made from March 17 through March 25 will be totalled and the awards made in five prizes totalling \$150, with the first prize, \$50, the second prize \$40, the third prize \$30, the fourth prize \$20 and the fifth prize \$10.

Each week the same prizes will be made for twelve weeks with the thirteenth week, the grand week, when a total of \$1200 will be given.

Merchants sponsoring the program are high in their prize of the sales stimulation offered by WFUL's CCA program. And the ladies are delighted that they can make money the easy way by merely shopping at the participating stores.

## "Luck of Irish" With Local Priest

The luck of the Irish was with Father Tarrant Monday as his 58 Ford station wagon took a bad skid on the snow-slick Middle Road.

Father Tarrant, who is assistant pastor of the Sacred Heart Church in Hickman and St. Edwards in Fulton, was on his way from Fulton to Hickman. About three miles west of WFUL, the station wagon skidded, left the highway and headed for a large tree. An intervening ditch steered the vehicle to the left just enough to avoid a head-on crash with the tree.

The automobile suffered a fair amount of damage and was taken to the repair shop by Pete's wrecker. Father Tarrant, by what he described as rare good luck, was not injured at all.

The Community Club Award program is operating with tremendous success in over 200 cities in the United States. Radio Station WFUL is one of the first stations in its size city to have been selected to sponsor the program.

There is no soliciting, no selling, no endorsement of commercial products in the program. The women's clubs have only to patronize the participating sponsors in the program.

## Six Youths Jailed In Burglaries

### HEARING HELD WEDNESDAY

A hearing was held Wednesday morning before Hickman County Judge E. H. Padgett at Clinton for two of the eight teenage boys arrested last week on burglary charges. Both of the boys were from Arlington.

One of the boys was bound over to the grand jury during the May term of court and the other was given a year's probation.

A group of six youths operating as a "gang" is being held in Hickman County Jail at Clinton charged with storehouse breaking and entering.

They were arrested in Clinton on March 12th and 13th by Hickman County Sheriff Curtis J. Vaughan in connection with theft of merchandise from stores in this area.

County Attorney Robert B. Humphreys said two other boys implicated in the thefts had been released through Juvenile Court here in the custody of their parents. A further hearing in their cases was set for Wednesday.

Juvenile Court custody of five of the youths was waived Thursday.

## Smith Broadbent, Rumsey Taylor, Wilson Wyatt Loom As Candidates To Oppose Lt-Gov. Waterfield

Last week we sort of aired a doubt in our minds as to whether Lieutenant-Governor Harry Lee Waterfield, as heir apparent to the Chandler Administration, would inherit the growing number of anti-Chandler voters around the State. We aired that question because there is a considerable amount of doubt around this blue-grass state as to whether Harry Lee Waterfield actually agrees with the rather unusual "go in's on" in the General Assembly.

Harry Lee Waterfield partially answered that question on a television show last Sunday when he said that this session of the General Assembly has been "a right good legislature," as a matter of fact he added one of the best he can remember. He also commented on the bill stripping Treasurer Henry Carter of many of his duties that "it all depends on who's talking when you call a bill a ripper." It is no secret that Treasurer Carter is not one of the Administration's favorite people.

We concur with Mr. Waterfield in one respect: "It all depend on whose talking when you say this session of this General Assembly has been a 'right good legislature.'" Besides a large and varied segment of voters in Kentucky who have been adversely affected by some measures passed during Chandler's Administration, we don't imagine there are many good Democrats who would agree that it was a "right good legislature" when one considers that almost every piece of major legislation passed by this General Assembly was done so ONLY with the help of the Republican minority.

But be that as it may. All these strange events in which Mr. Waterfield is involved only gives impetus to the anti-Chandlerites to get a strong and effective opponent to run against Mr. Waterfield in next year's primary.

While the prospects of several candidates are in the "balloon stage" we can see the strategy of the anti-Chandler forces in attempting to get a First District candidate who would certainly break up for Mr. Waterfield what has become a rather impressive First District voting strength. Among these are Smith Broadbent and Rumsey Taylor.

Mr. Broadbent, an outstanding and prominent West Kentuckian is well known all over Kentucky as a member of the State Fair Board and other important state-wide committees.

While he was, and still is, closely associated with former Senator Earle Clements and former Governor Lawrence Wetherby, he was not among those "relieved of his responsibilities" when the Chandler forces took office.

Those of us who know Mr. Broadbent personally have not seen this as any indication that he has "broken" with his former political allies, but rather than his ability lent strength to the State Fair Board, so they retained him, in spite of his former and present political associations. It is our opinion that Smith Broadbent would make a very formidable opponent for Mr. Waterfield, especially in the First District.

On the other hand Rumsey Taylor, who served as Bert Combs' campaign manager, is also a man of many and varied state-wide connections in the fields of sports and education. But, probably because he took such an active part in the campaign against Chandler he was relieved of his duties on the State Board of Education.

Mr. Taylor is a very pleasant, friendly, gregarious and popular man in many state-wide circles and would similarly give Mr. Waterfield a hard way to go in the First District.

And of late Wilson Wyatt, the former Mayor of Louisville, an extremely capable lawyer who has had tremendous experience in State and national politics as the personal advisor to Presidential candidate Adlai Stevenson and head of the National Housing Authority under Truman, has been mentioned as the anti-Chandler candidate.

We have come to know Wilson and Ann Wyatt very well since we have been in Kentucky and we can say without reservation that he would make a great Governor, although we are not so sure of his appeal as a candidate since he is from Louisville.

While none of the three men have indicated that they will be or want to be candidates, they have not said "No" either. And we think it is good strategy on the part of their friends to go out into the hinterlands and "feel out" the public to determine their individual strength among the rank and file voters. And that's exactly what they're doing.

We think it a good idea for any of you, interested in next year's race, to make your wishes known about candidates in next year's race, regardless of their present affiliations.

Band and glee club with about 40 members each.

The Fulton Elks Club met in regular session Monday night, when the annual election of officers was held, with the following results:  
John Bowers, exalted ruler; Ward Johnson, esteemed leading knight; E. E. Huffman, esteemed lecturing knight; Ed Wade, Tyler W. S. Atkins, trustee; S. Hastings, treasurer, and R. L. Crockett secretary.

The marriage of Miss Mary Moss, daughter of Mr. and Mrs. James Moss of Union City, and

Harry Brady, son of Mr. and Mrs. Fred Brady of this city was solemnized by the Rev. W. D. Ryan at 8:30 o'clock Sunday night at the First Christian Church. They were attended by Miss Fuller of Union City and Billy Brady. Only members of the immediate families were present.

Mr. and Mrs. Brady will be at home at the Hornbeak apartments on Carr-st.

Mrs. I. M. Jones entertained Saturday afternoon with a theatre party in honor of the eleventh birthday of her son, Ivan, Jr. After the show guests were served delicious ice cream and cake at the Jones home on central ave. Those present were Margaret Gardner of Water Valley, Charlene Sanford, Ann Carolyn Speight, Billy Mott Jones, Billy Copeland, Mrs. C. D. Jones, and Mrs. J. B. Killebrew.

Both the affirmative and negative debating teams of Fulton High School lost at Clinton Wednesday. The affirmative side, composed of Robert Koelling and H. L. Hardy, lost by eight points. The negative side, Myrtle Binkley and Bobby Snow, was defeated by six points.

## Kentucky Windage

By P. W.

Last week, in case you didn't know it, the NEWS published two editions... the regular one late Wednesday afternoon and the other one Thursday morning. The Thursday AM edition carried the results of the Wednesday night regional basketball tournament at Murray.

Fulton lost to Benton 54-81 in the first round; a little consolation for the defeat being that Benton went on to win the thing and is representing the District this week in the state tourney.

The NEWS is not at all conventional when it comes to following a stereotyped format. We have published on Tuesdays, Thursdays and Fridays as well as Mondays, though the variation usually happens when Christmas holidays or other unusual problems present themselves. We are liable to rearrange the front page so you can't find the masthead on some weeks, sorta like this week is being planned as this is written.

Personally, I enjoy the variety.

Speaking of variety, as well as a fine promotion idea for Fulton, Elvis Babb tells us that the South Fulton Booster Club has been kicking around an idea that would be one of the finest bits of annual promotion for Fulton that we can think of.

It could be a whopper of an annual affair.

It would be something "exclusively Fulton" too, since nobody outside of New Orleans and Mobile could qualify, and we don't figure they would compete. Everybody knows they have bananas.

tion isn't denied by the Bible; neither is it affirmed by it. If science proves evolution to be a fact, we will be given further insight into the creation of man as recorded in Scriptures. But we need never fear any contradiction of the truths of the Bible. For God is Absolute Truth, and all truth must ultimately lead to Him.

Received a letter from my kid sister, Sue, this past week and she was telling of her recent "TV debut." It seems that a program was being televised (by National Broadcasting Company) and the orchestra was playing a very fast number. Sue and three of the other girls were asked to play "machines" to the number.

Only their hands were seen on TV, but the star of the show, the orchestra leader, told their names and asked the audience to give them an applause.

Suzie said they had lots of fun, but were awfully shaky, and since the show their co-workers have had lots of fun teasing them about their "TV debut."

Those working in the television division of NBC have first chance at the extra parts in many shows, before outside actors are called in, but so far Sue has been too busy with her regular work to audition for any of the parts.

that was very funny, as I am strictly the bachelor-girl type, you know.

Congratulations to Capt. James K. James of Fulton, who is one of two United States Air Force first lieutenants, currently students at Boston University's School of Public Relations and Communications, who have been promoted to captain. Capt. James is a graduate student working towards a master's degree in public relations. He is the son of Mr. and Mrs. George James of Fulton and a graduate of Fulton High School.

On my new job, I will be writing the news for both The News and Radio Station WFUL, so if you have any kind of news just give me a ring. Call either 470 at The News, 1270 at the radio station, or 177 at my home. You are bound to find me at one of those numbers. Will be listening for your call.

During the past week I've heard stories of my leaving for California, New York and Chicago, but the funniest was one told Saturday night. Mother, some friends, my cousin and I were having dinner in a local restaurant. A friend stopped by and I introduced those at the table whom she didn't know, including my cousin. Because of the noise, the lady didn't understand and sometime later was thinking that I had introduced "my husband," instead of my cousin. Now, to me

Freight cars could save you even more. Many times our costs might let us lower rates, which would save you money and bring us more business. But federal transport laws often stop us from lowering rates. Why? Because this would take business away from our highway and waterway competitors. So we must charge and you must pay higher rates.

This situation hurts us and hurts you. So for your benefit and ours certain transport laws need changing. Your representatives in Congress should know how important these changes are. We have told them. Why don't you?

### SERMONETTE OF THE WEEK

## Did God's World Evolve?

By Rev. Michael P. Walsh, S. J.

THE POPULAR stage play, "Inherit the Wind," currently appearing in some of our American cities recalls the one-time controversy between religion and evolution. "Inherit the Wind" is a story based on the "Scope's Monkey Trail" of the 1920's, in which William Jennings Bryan fought to prevent the teaching of evolution in Tennessee schools.

William Jennings Bryan, together with the Churchmen of all religions, opposed the materialistic evolution of men like Thomas Huxley in England and Ernst Haeckel in Germany. For these men combined their own atheism and materialism with evolution, and made it unacceptable to both science and religion.

AND YET, the conflict between re-

ligion and evolution is largely the story of an historical confusion. The evolutionary theories popular a century ago were a godless type, which was not science at all, but atheistic philosophy masquerading as science.

In recent years, however, men see that evolution is a scientific theory and not a religious one. Religious leaders see that evolution and Huxley's materialism are not the same thing. Scientists, on their part, are less antagonistic to the truths of revealed religion.

EVOLUTION, both sides now see, is concerned with the origin of man's body. Precisely as a biologist, the scientist cannot affirm or deny the existence of a spiritual soul.

William Jennings Bryan thought that evolution contradicted the Bible assertion that God made man from the slime of the earth. Today, however, we realize more clearly that the Bible is not a scientific textbook. The sacred author would not, even if he could, write a complete history of the universe. Baronius wrote four centuries ago: "Holy Scripture was written to teach men how to go to Heaven, not how the heavens go."

THAT GOD made our universe and everything in it is the clear message of Genesis. He created man in His image, raised him to a level above his created state, and endowed him with gifts which he lost by sin. But whether or not God spent millions of years in forming the world which He created, the Bible just doesn't say. Evolu-

# Diary of Doin's

By Mary Nelle Wright

Hear Mary-Nelle's program, "My Fair Lady" every day on WFUL at 9:30 a.m., Monday through Friday.

Each year when we turn the pages of the calendar to this month of March—we always have a HAPPY feeling because come March—and ere long, it's St. Patrick's Day! Maybe it's because of the IRISH blood that flows through these veins—that we always get the urge for "the wearin' o' the GREEN". And also a YEN to hear some of the Irish JIGS—and the LOVELY Irish ballads. Although the same story is told every year about the patron St. Patrick who chased all the snakes out of Ireland—it's ALWAYS good to hear it again... good to be reminded of the BLARNEY STONE, LEPRECHAUNS and everything pertaining to the EMERALD ISLE. The whole story is—my friends—WE like IRELAND.

And speaking of GREEN—THREESOME took a flight from Nashville last weekend. And—also vacationing in Acapulco are Jerry Atkins and Jimmie Whitell. Jerry works in Atlanta, Georgia and Jimmie has been "looking the field over"—as to a job. He graduated from Vanderbilt and spent six months in the armed forces; so now he is ready to start his career which we hope will be in Atlanta. So—the two boys decided to have just one more nice trip before Jimmie gets into the actual grind of "making a living." We know that Ina and the Boones will be delighted that our two boys are also in the Mexican city—what FUN they'll have! Do you blame us for being GREEN with envy?

We had a call from Mrs. C. H. Edwards who told us that she "left the sunny Florida clime to come home to THIS—snow". Mrs. Edwards spent several weeks

"Don't be alarmed—I'm not after the job!"

with her son, Howard (Happy) and Dorothy Edwards at their home in Miami. It surely must have been a surprise for Mrs. Edwards to wake up Monday to see snow—snow—snow—after enjoying the wonderful sunshine of Miami. (Hello! Dottie and Happy, how about a SLEIGH ride down the big hill out at the Country Club?)

The Birdie Hill home on Second Street has taken on a NEW atmosphere—that's for SURE—with the arrival of son, Dick and wife Pat—and two-year-old little Dick who arrived via plane at the Memphis Airport Tuesday morning from their home "down under"—Sydney, Australia. Dick, who is with a manufacturing firm there came to the States on business—and brought his wife and son along, too. They stopped overnight in Honolulu—and what a pleasant surprise it was when they met a close friend of Elsie and Louis Weeks in the Hawaiian city, Jack Gillette, who is a native of Venita, Oklahoma. Mary Latta, Grace Beard of Martin and their mother, Birdie, drove to Memphis early Tuesday morn to meet the threesome. This is the first time they have seen little Dick—and we know they're just the HAPPIEST in the world—and we're happy for them! Welcome HOME—Dick, Pat and son!

Such a nice letter came in the mail today from a good friend of mine—and yours—Elizabeth Ethridge (Mrs. Bishop) Given of Circleville, Ohio. Enclosed in the letter was an announcement of the engagement of their daughter, Elizabeth Ethridge Given, to Glenn Russell Yaple of Circleville. Everyone here knows Elizabeth as this is where she spent her life until "Bish" came down to Reelfoot Lake on a duck-hunting trip—met our Ky. lass—and ere long, took her back to Ohio for his bride. We thought you'd like to know that THIS daughter is the LAST of the Given girls because her two sisters, Lannie and Linda, Cleveland (her twin) are already married. So—that will leave Elizabeth and Bish—alone again. But the beautiful Given home out from Circleville will be a busy place for the next two months until the wedding day, May 18th. After the wedding festivities are over—we'd suggest that Elizabeth comes to Fulton—for a vacation—because she'll certainly NEED one. Our best wishes for your happiness, Elizabeth Ethridge Given! (We forgot to tell you that the twins were named for their Bish's mother and for Elizabeth.)

How sorry we are to have missed the Garden Department meeting last Friday. But, we have learned that there just aren't Ray Bondurant, Mrs. Neuman

enough days for the busy schedule we follow. It was a delightful meeting and everyone was ecstatic over the BEAUTIFUL slides of Europe that Laverne Terry showed at the club. The many interesting pictures are a memento of the wonderful trip Laverne and Norman took last spring when they visited their daughter, Charlotte, and family in France.

Bess and Herbert Goulder, Jerry and Joan Warren enjoyed a trip up to Kentucky Lake Sunday and had dinner that night at Kenlake Hotel.

Virginia Forrest left Saturday night for San Diego, California to spend a month with her sister, Mrs. Bob Morgan and family.

Molly Wiley, a student at Peabody College in Nashville, was home for the weekend with her mother, Doris Wiley, on Second Street.

Mr. E. W. Sublette had a nice surprise last Thursday when Mrs. Sublette honored him with a birthday party. Special guests for the delightful affair were members of the Steadfast Sunday School Class of the First Baptist Church.

After the guests arrived, Mr. J. O. Lewis, teacher of the class returned thanks and the group assembled in the dining room for supper.

A green embroidered luncheon cloth covered the table, and in the center was the traditional birthday cake, set on gold doilies surrounded by matching candles.

A place card was used at each plate for the members of the class. After the delicious meal, the group spent an evening of Christian fellowship together, talking about the past.

Mrs. James V. Henry, a recent bride, was honored with a miscellaneous shower given by Mrs. James Hazelwood on Saturday afternoon at her home on Norman Street. Mrs. Henry was the former Miss Jean Wall, daughter of Mr. and Mrs. Vernon Wall of Fulton.

Mrs. Henry was attired in a turquoise wool flannel dress. She was presented a corsage made of small kitchen articles tied with a white bow. Clever games were enjoyed by all. Mrs. Ray Bondurant and Mrs. Dewey Nelson were winners of games.

Mrs. Hazelwood, assisted by her aunts, Mrs. Ralph Breeden and Mrs. Drew Wall served a delicious plate to twenty-five guests. Those present were: the honoree, Mrs. Henry, Mrs. Jessie Johns, Mrs. James Haywood, Mrs. Herman Wall, Mrs. Fred Rhodes, Mrs. Joe Croft, Mrs. James Butts, Mrs. Virgil Patterson, Mrs. Willem Jackson, Mrs. Thurman Peery, Mrs. Edmond King, Mrs. Bondurant, Mrs. Neuman

Croft, Mrs. Jessie Nelson, Mrs. C. L. Gardner, Mrs. Robert Wall, Mrs. Dean Harwood.

Miss Ollie Mae Wall, Mrs. Ralph Lamb, Mrs. Nora Wall, Mrs. Ola Killebrew, Mrs. Vernon Wall, Mrs. Ralph Breeden, Mrs. Drew Wall and Mrs. James Hazelwood.

Those sending gifts were: Mr. and Mrs. J. H. Verhine, Mr. and Mrs. Frank Beadles, Mr. and Mrs. Raymond Wall, Mrs. Bryon Dixon, Mrs. Earnest Jackson, Mrs. Mack Terrell, Mrs. D. J. Jones, Mrs. R. I. Cannon, Mrs. Dean Terrell and Treva, Mrs. Thomas Exum, Mrs. William Killebrew, Mrs. Otis Sisson, Mrs. Clyde Stewart, Mrs. Harvey Vaughn, Mrs. Bob Elliott, Mrs. Ray Holt, Mrs. Selia Hawks, David and Donald Hazelwood, and Mrs. Charles Hall of Harrisburg, Ill.

Mr. and Mrs. J. H. Pond, 819 Fairview, announce the recent marriage of their granddaughter, Miss Marcia Meketi, to Mr. Parick S. Page of Chicago, Illinois. The wedding took place on February 8th, at St. Nicholas Church in Auro, Illinois, followed by an afternoon reception at the home of the bride's parents.

The groom is a student at the University of Chicago, and is employed by the Standard Oil Company, Chicago. The bride, formerly a student at the University of Illinois, is employed by the Henry Regnery Company, Chicago. In August, the couple will fly to England for a two week vacation at the home of the groom's father at Bracebridge Heath, Lincolnshire.

Francis Bailey of Gray, Ind. spent the weekend in Fulton visiting relatives.

Mrs. Jack Helms and children and Mrs. Jack Black spent the weekend in Memphis visiting Mrs. Helms' mother, Mrs. Brooks Stovall, who underwent surgery in the Baptist Hospital one day last week. While there they also visited with other relatives.

Bobby Newton, talented young musician, has accepted the position as organist at Trinity Episcopal Church. He is a student at Union University at Jackson, Tenn.

## Scout Show Will Be Held At Paducah On April 26th

Bob Cherry, former Mayor of the City of Paducah, will be the General Chairman of the giant Boy Scout Show which will be held in Paducah April 26, 1958. The Show is this year will be called the "Scout-O-Rama", and will be a booth type show in contrast to the one we have had in the past. Many subjects, including Merit Badges, Cub and Scout Advancement requirement and other subjects related to Scouting will be presented. This type show could best be described as, "The Handbook of Scouting" displayed to the public. Plans call for the colorful Boy Scout Parade which will be staged on the morning of April 26th. The theme of the Parade will be the National Safety Good Turn which is being sponsored by the four million Scouts and leaders throughout the nation. As in past years, Scouts will participate from all parts of the Four River Council which includes nine counties in West Kentucky and Obion county in Tennessee.

## Manager Plan Proposed For Union Citizens

An explanation of the various forms of city government, with the recommendation that the city of Union City should change from the present commission form to the council-and-city manager form, was given before the Union City Rotary club last week by former Mayor Hardy M. Graham. Attesting to the high interest of citizens in this matter, Mr. Graham was questioned by individual Rotarians for some 15 minutes after he had concluded his remarks.

Mr. Graham said that under a state law, amended in 1957, a city council for Union City would consist of seven councilmen, three elected from the present wards, East Side, Court House and the County Barn, and four at large, with the councilmen to receive \$5 per meeting, with a meeting every two weeks, and with the maximum any councilman could draw from the city annually being \$120. Under this system, the council would elect the mayor, whose duties would be nominal and who would receive a maximum of \$240 a year.

The council would employ a city manager at a salary which Mr. Graham estimated probably would run \$10,000 a year. Under such a system, salaries for the council, the mayor and the city manager, would total \$11,080 a year, actually less than the \$12,800 the city is now paying the three city commissioners.

## Scout Show Will Be Held At Paducah On April 26th

Bob Cherry, former Mayor of the City of Paducah, will be the General Chairman of the giant Boy Scout Show which will be held in Paducah April 26, 1958. The Show is this year will be called the "Scout-O-Rama", and will be a booth type show in contrast to the one we have had in the past. Many subjects, including Merit Badges, Cub and Scout Advancement requirement and other subjects related to Scouting will be presented. This type show could best be described as, "The Handbook of Scouting" displayed to the public.

## Manager Plan Proposed For Union Citizens

An explanation of the various forms of city government, with the recommendation that the city of Union City should change from the present commission form to the council-and-city manager form, was given before the Union City Rotary club last week by former Mayor Hardy M. Graham. Attesting to the high interest of citizens in this matter, Mr. Graham was questioned by individual Rotarians for some 15 minutes after he had concluded his remarks.

Mr. Graham said that under a state law, amended in 1957, a city council for Union City would consist of seven councilmen, three elected from the present wards, East Side, Court House and the County Barn, and four at large, with the councilmen to receive \$5 per meeting, with a meeting every two weeks, and with the maximum any councilman could draw from the city annually being \$120. Under this system, the council would elect the mayor, whose duties would be nominal and who would receive a maximum of \$240 a year.

The council would employ a city manager at a salary which Mr. Graham estimated probably would run \$10,000 a year. Under such a system, salaries for the council, the mayor and the city manager, would total \$11,080 a year, actually less than the \$12,800 the city is now paying the three city commissioners.

## Decision To Be Made On Easter Egg Hunt

### Legion To Have Interesting Meet Thursday Evening

At a meeting of the American Legion tonight (Thursday), it will be decided whether or not the Legion will have its annual Easter Egg Hunt this year, according to Fred Homra, post commander.

The Rev. R. C. Morrison, pastor of the First Methodist Church at Clinton and veteran of 11 major engagements in the Pacific during World War II, will be the guest speaker.

The ministers of Fulton have been issued an invitation to attend the meeting as special guests. The theme of Easter will be carried out in the meeting.

A special feature of the session will be the presentation of awards to each member, who has procured 12 or more members to the American Legion. These awards are miniature Gleason cannons.

## Industrial Tour Digs Up Prospects

The three-day industrial tour of Chicago and surrounding area recently by a group of Tennesseans was a distinct success. This comment was given the Weakley County Press at Martin last week by Brooks Crockett, one of three Weakley Countians included in the group. Also making the trip from the Martin area were Cliff Weldon of Martin and Frank Prins of Greenfield.

"We were very well accepted by the manufacturers we called upon," Mr. Crockett stated. "We found that a number of them are definitely interested in Tennessee as an expansion site, and these men especially welcomed us." Mr. Crockett added that a number of contacts were made of groups interested in Martin and Weakley County. "We plan to contact these people later in the spring and hope to fly them to Martin where they can see first-hand what we have to offer," he added.

Mr. Crockett stated that he, Mr. Prins, and Mrs. Weldon called upon some 24 industrialists whose names they had been given by the Tennessee Industrial Association, which sponsored the trip. He added that at least 12 of these manufacturers had earlier contacted the West Tennessee Industrial Association for copies of the Fatus Survey of this area.

Among those most interested in Martin and Weakley County were a box manufacturing company which would employ between 200-250 men and a company which manufactures liquid filters. It is expected that representatives of these two firms will be among those which will come here this spring for a first-hand look.

## Lions Minstrel To Be Presented

The Lions Club Minstrel will be presented Monday and Tuesday nights, beginning at 7:45 at Carr Auditorium.

The cast has been hard at work practicing all week and from all appearances this year's production will be a good one. You may purchase your tickets now from members of the Lions Club, or they may be purchased at the door.

## A Cappella Choir To Sing In Fulton

The A Cappella Choir of Murray State College, under the direction of Robert Baar, will present a concert of Sacred Music at the First Baptist Church on Sunday, March 23, at 5:30 p. m.

A well-rounded program has been prepared and should be a wonderful inspirational service to all who attend.

Two members of the First Baptist Church in Fulton are members of this choir. They are Miss Nancy Adams, alto, and Mrs. Festus Robertson, soprano.

## Local Girl Wins Murray Scholarship

Miss Marion Blackstone, daughter of Mr. and Mrs. Billy Blackstone, and talented pianist, has received word that she had won second place in the Sigma Alpha Iota scholarship auditions at Murray State College.

Auditions were held at the Fine Arts department at Murray State College last month.

Three scholarships were awarded to the outstanding members of the incoming Freshman class. Scholarships are awarded on the basis of musical talent, scholastic attainment, and general worthiness.

## Roger Pigue Selected On Tourney Ten

### Local Boy Is One Of Two Juniors Chosen Saturday

Roger Pigue of Fulton City and Jimmy Lampley of North Marshall were the only Juniors chosen on the First Region Basketball All-Star Team at Murray last Saturday.

The remainder of the squad—all Seniors—were J. D. Gammell and Paul Dailey of Benton, Jerry Hall, and Billy Ricks of North Marshall, Gene Poole and Ed Turner of Ballard Memorial, Larry McClure of Symsonia, and Gordon Brent of Carlisle County.

The team was selected by sportscasters and sportswriters, based on the performance of the players in the tournament.

Fulton was eliminated by Benton 81 to 54. Benton later won the championship by defeating North Marshall in the finals. Benton will face strong Daviess County in the first round of the State Tournament at Lexington tonight (Thursday) night.

## 4-H'ers, Leaders Appear On WFUL

A group of 4-H'ers, leaders and assistant Home Agents of Fulton and Hickman counties celebrated National 4-H Week with a broadcast over WFUL March 8.

The broadcast was conducted in the form of an interview with Miss Catherine Wilson, Assistant Home Agent in charge. Seven 4-H Clubs were represented with their leaders.

Those taking part in the broadcast from Milton School were Alfonso Waters, Leroy Wilburn, James Fields, Enid Lee, Lauretta Motley, Jacquelyn Patton, Joann McKinney, Elaine Ferguson, Loretta Patton and Mrs. A. Z. Tucker, leader.

Those from Cayce were Sue McKinney, Larry McKinney, Faye Brandsford, Gwendora Williams and Mrs. Katie Adams, leader. James N. McKinney told of his trip to Regional Camp in Washington, D. C.

Fourteen 4-H members completed 4-H aprons from Milton 4-H Club. They are as follows: Lauretta Motley, Elaine Ferguson, Carolyn Maddox, Rene Thorpe, Janie Haley, Lorell Berry, Jacquelyn Patton, Alphonzo Waters, Loretta Patton, Enid Lee, Nola Mae Tribble, Sandra Daniels, Thelma Ingram and Joann McKinney.

## Lecture To Be Held At Church

How the power of God set forth in the Bible brings peace and harmony will be the topic of a free lecture on Christian Science to be given here March 25 by Florence Middaugh of Los Angeles.

Miss Middaugh will speak in the church edifice at 8 p. m., under the auspices of First Church of Christ, Scientist. Her subject will be: "Christian Science: The Science of Pure Christianity." The lecture is free, and local members have invited the public to attend.

## Dogpatch Costume Party To Be Held

Friday night at 7 o'clock the Intermediates and Young People of the First Baptist Church are invited to a Dogpatch Party. Each one is to dress as a favorite comic strip, movie, or TV character. A prize will be given for the best costume.

Games and entertainment are being especially planned. Hot dogs and cokes are to be served as refreshments. Plan to attend and bring a date.

The party will be held in Fellowship Hall.

## Fulton High Participates In Music Festival

Fulton High School will be among the 25 high schools to participate in the Regional Music Festival at Murray State College April 3-5.

The program of events for the three-day festival will include piano solos, duets and duos; vocal solos and ensembles; timpani solos; drum solos and ensembles; baton twirling solos and ensembles; string solos and ensembles; brass solos and ensemble; woodwind instrumental solos and ensembles; choruses and choirs; bands; and orchestras.

Central Kentucky's first post-office, established in 1798, occupied the corner of a room in an old house located at what is now 310 W. Walnut St., Danville.

## West Tennesseans Set Industry Goal

Representatives from 17 counties to the West Tennessee Industrial Association agreed unanimously at a meeting this past week at Jackson that the creation of a more favorable business climate will be the chief goal of the organization this year.

A majority of persons making up the WTIA official family also agreed to write letters to gubernatorial candidates, members of the State Legislature, and candidates for the Legislature "impressing upon them that the state right-to-work law is essential to a favorable industrial climate in West Tennessee."

WTIA is campaigning for better law enforcement as one means of making the area more attractive to industry.

The association saluted Ramey, which has a population of 350, for obtaining a post office and for work on a branch bank and incorporation. A leader in Ramey's development program has been C. L. Majors.

## City Clerk's Office Getting Paint Job

Miss Martha Smith, Fulton city clerk, is happy this week as her office at the city hall is receiving a new paint job.

The entire office is being painted a pretty green.

## CENSUS AT MARTIN

A population census will be taken in Martin over the weekend with an eye toward increasing the amount of state revenue to the city. The census will be directed by the city planning commission, with the financial backing of the city's mayor and board of aldermen. The work will begin today (Thursday) and will continue through Friday and Saturday.

## Richardson

### Receives Honor

J. Wesley Richardson, local Red Cross instructor, was honored Monday night at the First Aid Class being conducted at the South Fulton City Hall, when he was presented a certificate and medal from the American Red Cross by Harold Wiley, Fulton chapter chairman.

Mr. Richardson was honored for his outstanding work during the past several years in First Aid work in the area.

Mr. Richardson and Walter Voelpel are conducting a First Aid class for the Fulton and South Fulton policemen and firemen at the South Fulton City Hall twice a week. The course will continue for 13 weeks.

## 16 Children Helped By Easter Seals

Easter Seals helped provide medical care, clinic examinations or treatment for 16 children in Fulton County last year, according to Gordon Baird, Fulton, local Easter Seal chairman.

These services were provided through the cooperative program of the Kentucky Crippled Children Commission and the Kentucky Society for Crippled Children, the Easter Seal Society.

"Easter Seal funds," Mr. Baird said, "help pay expenses of the staff at all Crippled Children Commission clinics held for youngsters in this area."

During 1957 four crippled children from Fulton County were patients at West Kentucky Center for Handicapped Children, an Easter Seal facility in Paducah.

## Benton Wins First Regional

Benton's Indians, stirred by a tremendous performance by J. D. Gammel, recovered from a jittery start at Murray Saturday night and went on to down arch-rival North Marshall 64-60 in the championship game of the First Regional Tournament.

A hot streak to open the third quarter had much to do with sealing the victory and earning the powerful Indians a trip to the State Tournament in Lexington this week.

Benton's first-round opponent in the State Tournament is Daviess County, champion of the Third Region, and ranked No. 1 in the state in some circles. The two clubs play in the final game of the Thursday night session. Daviess County knocked off Henderson Douglass 93-49 to win the Third Regional Tournament.

## Free Vacations Given Planting Teams

Free vacations in a State park will be awarded the winning team in a tree planting promotional contest sponsored by the Kentucky Department of Conservation and six cooperating federal and state agencies, announced Harry Nadler, associate director of the Forestry Division.

The contest is designed to bring about closer cooperation of state and federal agencies at the county level, officials said.

Those eligible to participate at the county level are representatives of these agencies: Extension Department—County Agent; Soil Conservation Service—Work Unit Conservationist; Agricultural Stabilization and Conservation Committee—Office Manager; U. S. Forest Service—Forester; Division of Forestry—will designate personnel, and Vocational Agriculture—designated teacher.

Program deadline is May, 1958.

## Local Man Escapes Serious Injuries

Bill Harrington of Fulton escaped serious injuries last Thursday morning at 4 o'clock, when the truck he was driving left highway 45, just north of water Valley and overturned in a field. The two-ton Chevrolet truck was a total wreck.

According to Harrington he was crowded off the highway by another vehicle, his tires skidded on the snow-covered pavement and the truck overturned in a field.

The truck was owned by the Robertson Coal Company of South Fulton. Pete's wrecker towed the truck to town.

## Industrial Workshop To Be In Union City

The Tennessee state Industrial and Agricultural Development commission will hold an industrial workshop conference in Union City this week according to the Union City Messenger.

The event will take place at the Biltmore Motor hotel Friday and is one of a total of eight to be held in Tennessee during the months of March and April.

Frank M. Bass, senior industrial economist with the organization, said the purpose of the conference is to show appreciation and to give recognition to a select group of those on the "firing line" of local development programs.

## Teachers Can Take UK Tour Of Europe

Kentucky teachers interested in earning six undergraduate or three graduate credits in European history from the University of Kentucky this summer may

take the 1958 European Tour sponsored by the Lexington Woman's Club.

Dr. Ross A. Webb of the UK history department will teach courses, history 4a and 4b, during the 67-day tour, which will include more than a dozen countries.

The group will sail from New

York June 11 aboard the SS Arosa Sky. Those who wish to fly will leave New York on June 17, arriving in London aboard Trans World Airlines.

Cost of the tour is \$1,388 tourist class on the steamer. Cost by air is \$1,499. Course fees are paid separately. The tour includes round-trip transportation, hotels,

## Farm News, Meetings, Events

(Ed's note: the following information, supplied THE NEWS by the USDA, ASC, nearby County Agents and agricultural agencies will be of special interest to progressive farmers in the Ken-Tenn area):

The U. S. Department of Agriculture today announced that provisions of the 1958 wool incentive program will be the same as those for the current marketing year.

The 1958 program will apply to wool and lambs marketed during the April 1, 1958 to March 31, 1959 period. The shorn wool incentive price for the 1958 marketing year, as previously announced, will be 62 cents per pound. This is the same as incentive prices for the 1955, 1956, and 1957 marketing years. The payments on marketing of shorn wool and lambs that have never been shorn are based on this incentive price.

As under previous programs, the payment rate for shorn wool will be the percentage required to bring the national average price received by all producers for sales during the 1958 marketing year up to the 62-cent incentive level.

Producers who market wool during the 1958 marketing year will be eligible for a payment which will be an amount equal to the percentage rate times the proceeds from the sale of their

wool. (For the 1956 marketing year, for which wool payments were made this past summer, the payment rate was 40 percent which resulted in a payment of \$40 for every \$100 producers received from wool sales. The payment rate for the 1955 year, the first year of the program, was 44.9 percent.)

Payments for the 1958 year will be made in the summer of 1959 when the tabulation of producer returns is completed.

The payment method on lambs will be the same as under the current 1957 program. Each producer who owns lambs for 30 days or more and sells the lambs unshorn will be eligible for a payment. The payment will be made in the summer of 1959 of the animals that occurs during each producer's period of ownership.

Payments to producers who buy unshorn lambs and later shear them will be subject to a downward adjustment in any shorn wool incentive payment they apply for. The downward adjustment will be the amount due previous owners on the liveweight of the unshorn lambs purchased. In making applications for payments on unshorn lambs or the first shearing of wool from them, producers are required to report all the liveweight of all such lambs purchased.

In contrast to the shorn wool payment, payments on unshorn lambs will be a fixed rate per hundred weight of live lambs

sold. For 1956 marketing, the payment rate on unshorn lambs was 71 cents per hundredweight. This payment was based on the average shorn wool incentive payment, the average weight of wool per hundred pounds of lamb, and the value of lamb wool in relation to shorn wool.

For payment purposes, the average weight of wool per hundred pounds of unshorn lamb is assumed to be five pounds. The value of lamb wool has been set at 80 percent of shorn wool values because lamb wool is normally coarser in grade and shorter in staple length. The 71-cent per hundredweight payment for 1956 was five (the average poundage weight of wool per hundred pounds of lamb) times 14.2 cents, which is 50 percent of the difference between the average price of 44.3 cents producers received for their 1956 marketing and the incentive price of 62 cents for shorn wool. The payment for 1958 lamb marketing will be determined in this same manner. The lamb payment is designed to discourage unusual shearing of lambs prior to slaughter.

The National Wool Act of 1954, which authorized the wool incentive program, also provides for the support of mohair prices. This support price for the 1958 program has been set at 70 cents per pound - the same support price as for the 1955, 1956, and 1957 marketing years.

No payments were required on mohair sales during the 1955 and 1956 marketing years because the average price was above the 70-cent support price. Market prices during the current 1957 marketing year have also been running above the support price and no payments are expected to be necessary. If payments are required, they will be made in the same manner as for shorn wool. No payments will be made on marketings of goats or kids.

The shorn wool and unshorn lamb payments for the 1958 marketing year will be made on the basis of applications filed by producers not later than April 30, 1959 with their county Agricultural Stabilization and Conservation (ASC) offices. Producers are urged to keep their accounts of sale in a safe place because these are the documents which must be filed with the payment application. The accounts of sale must have the information needed to support the producer's payment application. ASC offices will make the payments in the summer of 1959.

Producers are also urged to get the best possible price in selling their wool. Under the percentage method of payment, the higher return the individual producer gets in the market the larger his incentive payment is. This method is designed to encourage producers to do the best possible job of marketing their wool.

The wool incentive program is authorized by the National Wool Act of 1954 to encourage an annual domestic production of 300 million pounds of shorn wool.

There is some evidence of restocking to increase sheep numbers. The drought which forced liquidation of flocks in major wool-producing areas, particularly in the southwest, has been broken. Wool production in the so-called "Native" sheep states was up 3 percent in 1957 from 1956 but this was more than offset by the reductions forced by drought in the major producing western sheep states.

Under the National Wool Act, the incentive payment program is authorized to run four years, from the 1955 marketing year through the 1958 marketing which ends March 31, 1959.

## SUCCESSFUL HOMEMAKING

By Marie Holland

Home Demonstrator, Kentucky Utilities

Conventional range or ultra-modern built-in automatic electric cooking offers the last word in simplicity and perfection. More and more the modern homemaker is demanding and getting the wonderful cleanliness and convenience of the automatic electric range.

When the homemaker has a choice, she prefers electric range because, THEY'RE COOL. Heat from surface units goes directly into the utensils. Range ovens are insulated on all six sides, so all the heat stays inside.

THEY'RE CLEAN: Electric cooking produces no soot, no fumes. Pots and pans, walls and curtains stay clean and bright.

THEY'RE ECONOMICAL: Longer range life, less food shrinkage, less cleaning time, and low electric rates combine to make electric cooking thrifty.

THEY'RE FAST: New high-speed surface units and "draft-less" ovens climb to the desired temperature within seconds after the switch is turned.

THEY'RE ACCURATE: The heat is constant and the controls are completely accurate. There is no guess work in electric cooking.

Electric ranges offer a complete assortment of wonderful features, deep wells, french fryers, griddles, rotisseries, single and double ovens, broilers, and apartment and large family sizes.

The new built-in ovens can be installed at the most convenient height for you, while surface units fit right into your sink counter top.

SO, Men if you want to make the wife happy why not get her a new electric range for Easter. Wouldn't she have fun?

## Workshops To Bolster Local Effort In New Industry? Tourist Aims

by  
Paul W. Grubbs

"Why does one town acquire a new plant while a neighboring town never seems to make the grade?"

"Why are some areas prominently tourist meccas while other areas (with more to offer) are often by-passed?"

These are two popular questions!

The answers to these and other queries will be provided by skilled specialists in these fields who will assist in upgrading local communities at the Workshop Session of the Kentucky Chamber of Commerce Annual Meeting on April 7, in Louisville.

Under the banner of the "New Kentucky," community leaders in the state will be exposed to the intricate and sometime delicate proposition that all towns and cities must progress or die. To stave off economic demise means buildings a healthy and robust body that can function properly and make the necessary changes and adjustments to keep in fighting trim.

These observations were made by officials of the Kentucky Chamber of Commerce in planning the Workshop Session devoted to Tourist Promotion and Industrial Development.

The Industrial Workshop, conducted by the Industrial Development Committee of the State Chamber, will stress the basic points involved in preparing a community to absorb new industry according to Committee Chairman, J. W. Carneal, Owensboro. Subjects will include committee organization, basic data, attitude, appearance, main street development, facilities services, recreation, site selection, site brochures, site presentations, prospect acquisitions, handling prospects and financing.

The Tourist Workshop, according to Tourist Committee Chairman, Ted Cronk of Bardonia, will emphasize tourist development and promotion from the community to the national level. A demonstration tourist sales clinic, emphasizing sales, courtesy and services, will be presented in addition to a review of national tourist promotion for Kentucky. Aspects of tourist development include a comprehensive sign

program, handling inquiries through advertising, out-of-state Travel Editor's Tour and conventions. There will be a report from the Chairman of the Governor's Tourist Promotion Commission, Cronk added.

Both sessions commence 10:00 a. m. Monday, April 7, and adjourn 4:30 p. m. A joint luncheon will feature W. D. Ross, Plant Site Location Specialist, from International Business Machines Facilities Planning Department, New York.

The Workshop Session is the "kick-off" for the two day State Chamber Annual Meeting slated for the Brown Hotel in Louisville, April 7-8.

**1784—FIRST HISTORY OF KENTUCKY, by FILSON**  
Eight years before Kentucky became a state, John Filson published Kentucky's first history, in 1784. He titled it, "The Discovery, Settlement, and Present State of Kentucky." It contained a large map of State of Kentucky. It traced some of the early Kentucky territory and traced some of the early westward trails. The book also had an autobiography of that pioneer leader, Daniel Boone. It was a popular guidebook, carried by many settlers as they looked for new homes in Kentucky.

In Kentucky's historic past, just as today, many of our citizens have always enjoyed a glass of beer. The brewing industry makes jobs for thousands of our residents. The sale of this light, bright beverage of moderation under orderly conditions is an important objective of the United States Brewers Foundation. ## \$6,000,000 Project Planned By Four-County Watershed District

A meeting of the Obion Creek Watershed Conservancy District was held Thursday night at the Agricultural Center in Clinton. Open to the public the meeting was concerned with plans for a \$6,000,000 project for Fulton, Hickman, Carlisle, and Graves counties.

The watershed project is now up for federal approval. It is hoped that the project can be scheduled for operation by July 1. Federal authorities have 90 days in which to approve or reject the work plan drawn up by

the Soil Conservation Service for the four counties.

Roland Green, one of three directors from Fulton County, said that most of the construction—upon approval of the project—would be in Hickman, Carlisle and Graves Counties. The Fulton County portion of the project would be concerned with dredging of Obion Creek by the U. S. Army Engineers. Other directors from Fulton County are M. B. Major and Albert Rice and Charles Wright, chairman of the Fulton County Soil Conservation District.

## All-Star Game To Be April 3

The annual All-Star basketball game, sponsored by the Fulton Lions Club, will be played on April 3 at the South Fulton gym.

The teams will be selected from the Fulton and Hickman County high school players and from the Obion County players. The Kentucky boys will be on one team and the Tennessee boys on another.

## Cooking School Program Changed

There has been a change in the program of the cooking school to be conducted at 3 at the K. U. kitchen. The subject will be "Meal Planning and Casseroles".

The school is conducted each week by Mrs. Robert Thompson, South Fulton Home Ec. teacher, and Mrs. Robert Holland, Home Demonstrator for Kentucky Utilities Company. The public is invited.

## Mitchell Wins In UC Election

More than 2,600 persons made a final decision in Union City's much-publicized recall case Saturday, ousting Finance Commissioner Troy McPeake from office and electing County Judge Raymond Mitchell to succeed him according to the Messenger.

As in the recent mayoralty election, the final count ran close Judge Mitchell winning by a margin of 281 votes over Mr. McPeake. Dr. O. B. Neely ran third in the three-man race.

The official canvass of the vote was completed Monday morning by the Obion county board of election commissioners. The election commissioners include T. W. Jones, chairman, Jack Burdick and George C. Cloys. The official tabulation showed:

For McPeake, 1,132  
For Mitchell, 1,421  
For Neely, 80.

## "Boy and Girl Day" Observed

It was "Boy and Girl Day" at the regular luncheon-meeting of the Fulton Rotary Club Tuesday, in the Rose Room of Smith's Cafe. Twenty-one boys and girls were guests of the Rotarians.

Charles Cannon had charge of the program and introduced P. H. Slattery of Paducah, who was a guest of Warren Anderson. Mr. Slattery showed a film on Democracy, entitled "Secure the Blessing."

Guests, besides Mr. Slattery, were Rotarian Theo Kramer and his sons, Charles and John, of Fort Collins, Colo., former Fultonians and guests of J. D. Hales, Julian Malone of Mayfield, a guest of Fred Gibson, and visiting Rotarians, W. Ray Kern of Murray, H. S. Jackson, W. Thompson, David Graham and O. C. Barker, all of Clinton.

day at a hearing before County Judge E. H. Padgett and they were held to the May grand jury. Bonds were set at \$1,000 each. A hearing for the sixth youth who was jailed has not been held.

The arrest came after Sheriff Curtis J. Vaughan led a raid on a vacant house on a farm between here and Columbus. The sheriff was investigating thefts from a Columbus grocery when his attention was called to the vacant house. He said an informant told him lights had been observed in the building.

Discovering the house was being used by someone, the sheriff returned to Clinton to secure help before conducting the raid. He returned accompanied by Deputy Sheriff Herman Barclay, Clinton City Policeman Archie Martin and State Trooper Lawrence Grisham.

buying power of a woman," one sponsor told WFUL's station manager. "Statistics prove that from 80 to 85 per cent of all buying in America is influenced by women and with nearly 6000 women patronizing my store each week for credits, there is no doubt that the success of my sponsorship is assured."

Each participating member of a women's group in the program has been given a buyer's guide listing the participating sponsors. It is estimated that the 5847 members participating represent a buying power of more than 20,000 persons.

The Community Club Awards program is an exclusive public relations promotion with Radio Station WFUL in this territory.

## NEW CONTRACT—

Continued from Page One

Broiler operations have developed that way next—with many aspects tied up in a package deal. Since then, "pig parlors" and cattle feeding operations which contain some features of contract farming have sprung up.

"In general, contract farming speeds up the rate at which growers adopt improved methods," concludes Woodard. "How far it will go is anybody's guess, but if it makes money for those involved and benefits the consumer, it is here to stay."

## SURVEY SHOWS—

Continued from Page One

consumption of water by Highlands residents amounts to nearly 5,000 gallons. Based on the average amount of water consumed per month, Highlands residents now pay \$4.90 for their water while city residents pay \$3.14, including the sewer charge, for the same amount of water used. If annexed, Highlands residents would pay the same rate now paid by residents of the city. This would result in substantial savings over a one year period—about \$21.00 based on a 5,000 gallon monthly consumption per household.

OTHER FINANCIAL ASPECTS OF ANNEXATION. At the end of the first year of annexation, Fulton would receive about \$1,800 from real and personal property tax revenues from the Highlands area. Other sources of revenue that the city could expect would be approximately \$400 from the State ad valorem tax allocated to local governments on the basis of mileage of railroad trackage and power transmission lines which are located in the Highlands. The Fulton water department could expect about \$3,400 from the sale of water to users in the Highlands. There would be an increase of approximately \$800 in the sale of city auto tags as very few of the residents of Highlands now purchase them.

The immediate costs which the city would assume upon annexation of the area should not be prohibitive. For the first few years, Fulton would have to spend approximately \$1,150 per year for operational costs of such services as street lights, street maintenance and cleaning, and police and fire protection. The water department would lose about \$690 from the surcharge of \$.15 per one thousand gallons attached to the sale of water to the Highlands water district.

If the area is annexed to Fulton, consideration should immediately be given to "looping" the Highland water system and extending city gas service. Construction of the water system project would guarantee adequate water pressure to Highlands residents. The project might possibly be paid out of the current operating expenses of the city water department thereby doing away with the expense of issuing revenue bonds. It is estimated that an eight inch line from the overhead tank near Fairview

Avenue to the northern end of the Highland main on the bypass would cost about \$18,500. Extension of the city gas system to Highlands residents would probably cost \$20,000. The Planning Commission recommends that the City Council study the financial feasibility of this project to determine whether enough potential customers will justify construction.

ADVANTAGES TO THE CITY  
The Highlands area can pay its way for needed city services. If construction of the water and gas mains is undertaken, the cost of these capital improvements could be amortized within a reasonably

short time. The city would gain in other ways. Annexation would provide room for Fulton's expansion and add a group of citizens who would contribute to the city through the process of voting and sharing in civic affairs. The expansion of the tax base is also advantageous because it adds to the credit rating of the city. Furthermore, annexation would make possible the joint solution of mutual problems such as the provision of adequate sewer, water and gas facilities. It would also encourage the orderly growth of the Highlands through use of comprehensive city-planning techniques which are available to the

city government.  
ADVANTAGES OF HIGHLANDS HOMEOWNERS: Residents of the Highlands would receive the benefits of fire and police protection, a system of street lights, regular street maintenance and cleaning, and zoning protection. Annexation would provide the means by which the area could obtain municipal gas and sewer service and provide lower fire insurance and water rates. Highlands residents would find it a clear economic advantage to be annexed. The average homeowner now pays about \$26.00 more per year than he would if the Highlands were part of Fulton.
